Hi Barb, below is a little write-up about the Public Hearing that I've been sending to citizens that have requested it. Grant may want to send something similar to this to Mr. Redeye so he's properly notified of the Public Hearing. I've also attached the Public Notice for their reference. Please let me know if you need additional information.

"Dear Mr. Redeye,

The U.S. EPA intends on holding a virtual public hearing on Tuesday, February 2, 2021 from 6:00 to 8:00 PM EST. The call-in information and instructions on how to participate in the Public Hearing are listed below:

Call-in Number: (866) 609-3139

There is no need to register in advance for the virtual hearing. You may call 15 minutes in advance of the start time or any time during the session to listen to the hearing. During the hearing, callers will receive instructions on how to join the queue to make a comment. The operator will call on people to deliver their oral comments. The virtual hearing is an audio-only teleconference. Participants who want to supply written or printed materials, should do so via email.

The draft permit, statement of basis for the draft permit, and all permit application materials have been posted on EPA's website at <https://www.epa.gov/pa/epa-public-notice-pennsylvania>.

I've also attached the Public Notice for this draft permit to this email for your review."

In addition, thank you for your request for a formal consultation. An EPA tribal representative will be contacting you shortly to set up a consultation.
